

Check to see if a student has dropped or withdrawn from your class without leaving Brightspace.

Go to Course Admin and click Classlist. Click the “Enrollment Statistics” button at the top center.

Then scroll all the way to the bottom. The section is called “Withdrawals”, but the list includes drops as well. You will see the student name and the date the student dropped or withdrew. It also shows last date of access.

Click the drop-down arrow to the right of the student name. Then choose “View Grades”. You will see a bird’s eye view of the work the student completed or did not complete.

The screenshot shows the Brightspace interface for a course titled "CIS 115 07 - Software ...". The top navigation bar includes links for Home, Content, Assignments, Communications, and Grades. Below this is the "Classlist" section. It features three buttons: "Add Participants" (blue), "Enrollment Statistics" (light blue, highlighted with a red arrow), and "Email Classlist" (light blue). Below the buttons is a "View By:" dropdown menu set to "User", with an "Apply" button next to it. At the bottom, there is a search bar labeled "Search For..." with a magnifying glass icon and a link labeled "Show Search Options".
