

You can sign up to receive immediate text or email notifications when new and updated Announcement items appear.

Notifications are messages containing course updates you can choose to receive via email. You can turn email notifications on or off per course.

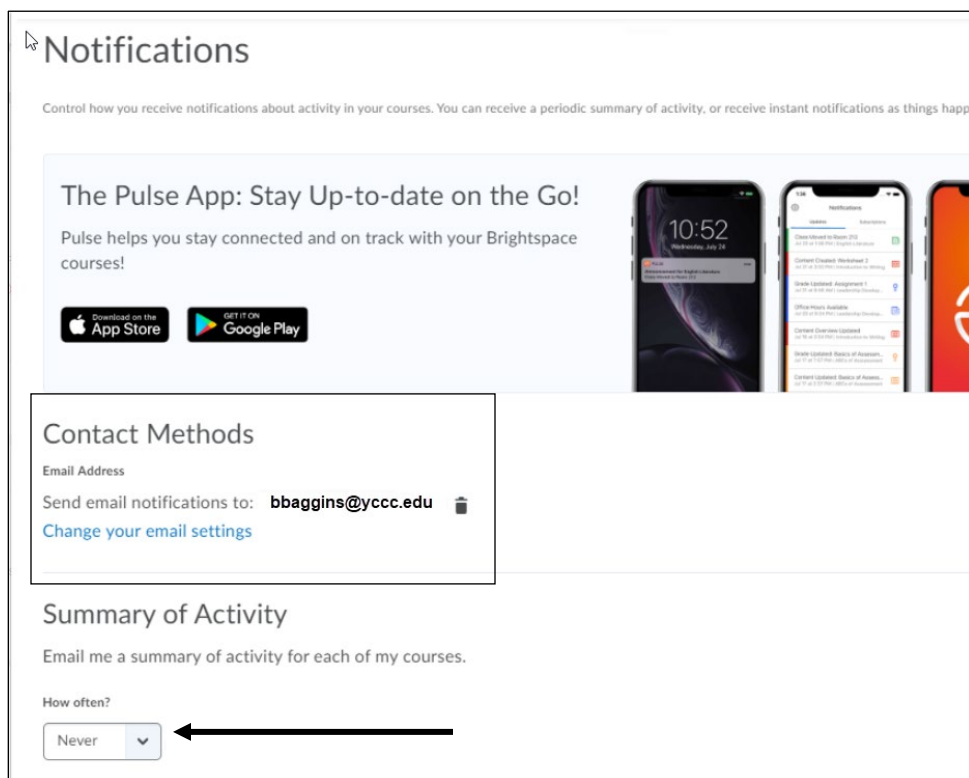

Mail sent from Brightspace will automatically be sent to a student's @yccc.edu address.

Please note: the preferred settings set under **Notifications** are applicable for **all courses** you are enrolled in.

- Click your name or your picture in the **minibar**.
- Click **Notifications**.

- Under **Contact Methods** you will see which email address is being used for email notifications. This is your @yccc.edu email address that is linked to your Brightspace account. You cannot change this to another address.

- **Summary of Activity** can provide you with a **Daily** or **Weekly** summary of all your course notifications. If you opt into this feature, you can choose what time the summary arrives. If you do not choose a time, the summary is sent to your inbox at midnight each day.
- Use **Instant Notifications** to select the activities for which you want to receive notifications. This applies for all courses unless you exclude courses with **Exclude Some Courses**.

Instant Notifications	Email
Activity Feed - new comments from others on a post	☐
Activity Feed - new posts created by others	☐
Announcements - announcement updated	☐
Announcements - new announcement available	☐
Assignments - assignment feedback released	☐

ePortfolio - feedback added to subscribed items	☐
ePortfolio - another user has subscribed to your updates	☐
ePortfolio - feedback added to my items	☐
Grades - grade item released	☐
Grades - grade item updated	☐
Quizzes - quiz due date or end date is 2 days away	☐

- **Customize Notifications** can be used to select whether you want to receive grades from Grades, and/or whether you want to receive notifications for future courses.
- Use **Exclude Some Courses** to exclude the courses you do not want to receive notifications for.
- Click **Manage course exclusions** and then click the cross behind the name of the course you want to exclude. Click **Exclude all courses** if you do not want to receive any notification at all. This can also be useful when you have a lot of courses and only want to receive notifications for one or a few; then you can exclude everything and then select the few you do want to receive notifications for.

 **Customize Notifications**

☒ Include my grade value in notifications from Grades

☐ Allow future courses to send me notifications

Exclude Some Courses

You currently have no courses excluded. [Manage my course exclusions](#)
