

Video Note

Need to insert a quick video? Video Note is available anywhere you see the Editor, such as creating an Announcement or providing feedback for a discussion.

- Go to **Insert Stuff**  in the upper left and click on **Add Video Note**. Make sure your webcam and/or microphone are connected.
- Choose **New Recording** to record your video. When you are finished, click **Stop Recording**.
- Click **Next**. Create a title and a description for your video, then click **Next** again.
- Click **Insert**.
