

Preview Learner Grades

Previewing what the learner sees in the Grades area is a handy way for Instructors to check their work and make sure all is as it should be.

Using "Preview" gives the most accurate, up-to-date depiction of what a learner sees when selecting the Grades link in their course.

Go into the course.

1. Select the Grades link from the course navigation bar.
2. Select "Enter Grades" tab.
3. Select "Preview" from the contextual menu associated with a learner name.

The screenshot displays the 'Enter Grades' interface. At the top, there are tabs: 'Enter Grades' (selected), 'Manage Grades', 'Schemes', and 'Setup Wizard'. Below the tabs are buttons: 'Import', 'Export', 'Switch to Spreadsheet View', and 'More'. A 'View By:' dropdown is set to 'User' with an 'Apply' button. A search bar labeled 'Search For...' is present, along with a 'Show Search Options' link. Below the search bar is an 'Email' button. The main area is a table with columns: a checkbox, 'Last Name ▲, First Name', and 'Final Grades'. The 'Final Grades' column has a sub-column 'Final Calculated Grade ▼'. Three rows are visible: 'Doe, Jane' with a grade of '-', 'Doe, Janet' with a grade of 'F', and 'Doe, Mary' with a grade of 'F'. A contextual menu is open for 'Doe, Mary', showing options: 'Preview' (highlighted with a red box), 'View Event Log', 'Email user', and 'View Auditor(s)'. A '20 per page' dropdown is located at the bottom left of the table.
