

Quick Eval

Need a better workflow for grading? Access **the Quick Eval** tool from the navigation bar on the homepage of Brightspace. Quick Eval allows you to see a list of unevaluated submissions from across courses in one single place. This tool will save you time and clicks.

1. From the Brightspace home page, click “Quick Eval” on the navigation bar.
2. On the next screen you can filter by activity, course, or date. All courses you are teaching will be listed.
3. Click on a student’s name to view and grade their submissions.

The image shows a side-by-side comparison of the Brightspace interface. The left panel displays the homepage with a navigation bar at the top containing 'Announcements', 'Calendar', 'Quick Eval', 'Discover', 'Course Admin', and 'Help'. A white arrow points to the 'Quick Eval' link. Below the navigation bar is a banner for 'York County Community College'. The right panel shows the 'Quick Eval' tool interface. It has a 'View by:' section with 'Submissions' and 'Activities' tabs. A table lists student submissions with columns for 'First Name, Last Name', 'Activity Name', and 'Course'. A red arrow points to the 'Filter' button in the top right corner. A dropdown menu is open, showing 'Filter By' options: 'Activity Name', 'Course' (which is selected and underlined), and 'Date'. Below these options is a search bar labeled 'Search by Course' and a list of course names: 'CIS 115 07 - Software Applications' and 'CIS 115 10 - Software Applications'.
