

Create an assignment using the new create and edit Assignment experience!

The create and edit Assignment's page has a fully immersive page layout. This layout is consistent with other areas of Brightspace Learning Environment, including Assignments, Content, and Lessons, where you can upload and create a new assignment. For the purposes of this topic, we are using the create and edit Assignment experience in the Assignments tool.

To save your progress when creating or editing an assignment, click **Save**.

To create an assignment:

1. On the navbar, click **Assignments**.
2. On the **Assignments** page, click **New Assignment**.
3. Enter a **Name** for the assignment.
4. Enter a **Score Out of**. The grade item is automatically added to your gradebook.
5. Set a **Due Date**. **Note:** The default **Due Date** time is set to 11:59pm.
6. Enter assignment instructions.
7. Add any attachments, audio, or video notes.

The screenshot shows the Brightspace assignment creation interface. On the left, there's a form with fields for "Name *" (containing "Untitled"), "Outcomes", "Score Out Of" (a dropdown menu showing "Ungraded"), "Due Date" (a calendar icon and "M/D/YYYY"), and "Instructions" (a rich text editor with a toolbar). At the bottom of the form are icons for attachments and buttons for "Record Audio" and "Record Video". On the right, there's a sidebar with three expandable sections: "Availability Dates & Conditions" (showing "Always available"), "Submission & Completion" (showing "File submission"), and "Evaluation & Feedback" (showing "No rubric added").

8. Expand **Availability Dates & Conditions**.

Evaluation & Feedback

11. For the Assignment Type, specify if this is an **Individual Assignment** or **Group Assignment**. **Note:** You must have groups set up in your course to set an assignment as a group assignment.

12. Select a Submission Type:

- o For **File submissions**, set the number of **Files Allowed Per Submission** and the **Submissions** rules.
- o For **Text submissions**, set the **Submission** rules.
- o For **On paper submissions**, set **Marked as completed** to one of the available options: **Manually by learners**, **Automatically on evaluation**, or **Automatically on due date**.

For **Observed in person** assignments, set **Marked as completed** to one of the available options: **Manually by learners**, **Automatically on evaluation**, or **Automatically on due date**.

Note: When you collapse **Submission & Completion**, the summary text displays your selection.

13. To receive email notifications when an assignment is submitted, under **Notification Email**, enter an email address or multiple email addresses separated by a comma. **Note:** This field is only available when the assignment **Submission Type** is set to **File submissions** or **Text submissions**.

14. Expand **Evaluation & Feedback.**
