

Accessing Zoom from within Brightspace

You can use Zoom meetings with a Brightspace course when you just want those that are enrolled in your course to be attending the meetings.

In the navbar click Communications -Zoom Meetings

You will then be taken to the Zoom Integration home screen where you can see upcoming meetings, previous meetings, your personal meeting room, your cloud recordings, as well as a button for scheduling a new meeting.

Your current Time Zone is (GMT-04:00) Eastern Time (US and Canada).

Topic: Enter in the name (or title) of the meeting.

Note: Be very descriptive with the name of your meeting as it will stand out and be easier to notice in the Event Calendar widget on the Brightspace course home page.

Description: Enter in a description about the meeting. *(This is optional)*

When: Choose the date and time for the meeting. You can start your meeting at any time before the scheduled time.

Duration: Choose the approximate duration of the meeting.

Time Zone: By default, Zoom will use your computer's time zone. Click on the drop-down to choose a different time zone.

Recurring Meeting: Choose if you would like a recurring meeting, i.e. the meeting ID will remain the same for each session. If checked, you will then have the options for Recurrence (Daily, Weekly, Monthly, no Fixed Time), Repeat every (Days/Weeks/Months), and End date (Specific date or 1-20 occurrences).

Registration: Allows you to have your participants register with their e-mail, name, other questions, and custom questions.

Security: You can select and input your meeting password here. Participants joining the meeting via typing in your meeting ID will be required to input this password before joining your scheduled meeting. Those joining via the "join meeting URL" will not be required to enter the password as it is included in the link. Choose to use a Passcode for participants to enter or click Waiting Room if you want attendees to enter the meeting before you.

Note: *With the last Zoom update, the Waiting Room option was eliminated. This may not be an option soon.*

Host Video: Choose if you would like the host video on or off when joining the meeting. Even if you choose off, the host will have the options to start their video after joining the meeting.

Participant Video: Choose if you would like the participants' video on or off when joining the meeting. Even if you choose off, the participant will have the option to start their video after joining the meeting.

Audio Options: Choose what audio options you want to allow for the meeting (Telephone, Computer Audio, or Both)

Require Meeting Password: You can select and input your meeting password here. Participants joining the meeting via typing in your meeting ID will be required to input this password before joining your scheduled meeting. Those joining via the "join meeting URL" will not be required to enter the password as it is included in the link.

Enable Join Before Host: Allow participants to join the meeting without you (host) or before you (host) join.

Mute Participants Upon Entry: If join before host is not enabled, this will mute all participants as they join the meeting.

Use Personal Meeting ID: Check this if you want to use your Personal Meeting ID. If not selected, a random unique meeting ID will be generated.

Record the meeting automatically: Check this if you want the meeting to be automatically recorded when you join the meeting as the host. You will have the option to record the meeting locally on your computer or in the cloud.

Alternative Hosts: Enter the email address of another Zoom user with a Pro license on your account to allow them to start the meeting in your absence.

When you are done setting all of your meeting options, click the **Save** button.

You will then see the meeting information page. This page will show you what settings you have applied to the meeting. It will also provide you ways to invite attendees to your meeting by giving you the “Join URL” or you can “Copy the Invitation” of the meeting to email to participants. This screen is where you can delete, edit, or start the meeting. Brightspace will automatically generate a calendar for your Zoom meeting and put it in your Brightspace Course.

Here is an example of what your students will see in the Calendar widget when a Zoom meeting for their course has been added.

Start a Zoom meeting as the host from within Brightspace

In Brightspace, if you are the creator and host of a meeting you will need to start the meeting from the *Brightspace Zoom integration* home screen.

Access the Zoom Integration home screen for instructors by going into a Brightspace course and click on Zoom Meetings.

Once at this home screen you will see a listing of all your upcoming meetings. Find the meeting you want to start and click the **Start** button for that particular meeting. This is also where you can delete a meeting you have created. Just find the meeting you want to delete and click the **Delete** button for that particular meeting.
